2019 Sponsorship Program Summary

Impact 100 Baldwin County is an all-volunteer non-profit organization of women dedicated to improving the quality of life in Baldwin County. Since our founding in 2008, we have awarded grants totaling over \$3 million to non-profit organizations serving every aspect of human need in this community. We are able to have such a significant impact because we devote every cent of membership donations to grants, and cover administrative costs with dedicated member contributions and sponsorships. Our administrative costs are less than 3% of total receipts because we are frugal, and we have no paid employees.

We are seeking corporate sponsors to offset the cost of marketing, software licenses, recruitment events, and annual major events. These events all provide publicity opportunities for your business, while the sponsorship benefits listed below bring your business directly to the attention of our membership of local philanthropic women. We also appreciate in-kind donations and will be glad to include them as part or all of your sponsorship contribution to Impact 100 Baldwin County.
